

HELP MORE HELPERS

CHIVE CHARITIES MISSION

We're a **501(c)3** non-profit organization committed to championing the underdogs. Among the causes we focus on are: individuals with rare medical conditions, veterans and first responders with medically-related needs, and **501(c)3** organizations that assist the aforementioned populations.

Each year since 2012, Chive Charities has created life-changing impact for veterans, first responders, and rare medical diagnosees, providing tens of millions in aid to over 400 recipients in all 50 states - but we're not done yet.

For many veterans and first responders, helping others is second nature; asking for it is not. As ardent supporters of these communities, we're continually looking for ways to increase our reach and provide lasting and meaningful impact through life-changing grants. Those who so selflessly serve deserve nothing less.

ELIGIBILITY

- Veterans must have received an honorable discharge after their military service
- First responders include Police Officers, Firemen, or EMS/Paramedics
- Requested grant items must be medically related and not fully covered by insurance, including both physical and mental health needs
- Applicants will be asked to provide proof of their diagnosis from a medical professional which outlines the need for the requested grant item
- All organizations seeking aid must be public charities with their federal 501(c)(3) determination letter. Organizations may be disqualified if their annual revenue is above \$10 million and / or if program expenses make up less than 70% of total expenses.

HOW WE HELP

Our grants are unique to each individual case: from pieces of medical and therapy equipment to renovations, service dogs, medical procedures and ADA accessible vehicles.

WHO WE HELP

We meet our recipients exactly where they are. Where hope is diminished and every door before ours shut, we open it and our arms as we welcome them into our family.

The application process to be a Chive Charities grant recipient can be a highly involved one. That's no accident. Our system is meant to ensure money drawn from the Green Ribbon Fund is entrusted to people who need it most.

Helping the helpers is core to all we do. If you or someone you know is a veteran or first responder who could benefit from a life-changing Chive Charities grant, please read the FAQ section on our website at [ChiveCharities.org/recipient](https://chivecharities.org/recipient) to establish eligibility, or email support@chivecharities.org with any questions.
